The MRCI Foundation exists to support the mission of MRCI WorkSource, *"creating innovative and genuine opportunities for people with disabilities or disadvantages to support their community participation."* The MRCI Foundation was incorporated in 1998 and has provided financial support for MRCI WorkSource through hundreds of generous donors since then.

The MRCI Foundation is guided by a volunteer Board of Directors and is a vital partner in assisting people in meeting their philanthropic goals. The Foundation does this through annual fund giving, endowments, gifts of stocks, real estate crops, as well as planned giving through beneficiary gifts.

MRCI WorkSource is a private, nonprofit organization incorporated in 1953 to serve individuals with disabilities and disadvantages. The focus of MRCI's mission is to create employment opportunities that generate paychecks and a sense of self-worth.

MRCI clients are defined by their abilities. With support and guidance, employment opportunities are made possible for those individuals who want to work. Through strong case management programs, MRCI partners with clients, families, employers and residences to plan and coordinate services that lead to success for everyone involved.

Transportation is key to successful employment and MRCI provides transportation at no cost to those whose options are limited. More than 300,000 free, one-way trips are provided annually.

MRCI WorkSource has offices and programs in Fairmont, Chaska, Mankato, New Ulm, Rosemount and Shakopee. Serving more than 4,000 individuals, MRCI measures its success not in the numbers of individuals served, but in the lives touched. MRCI is proud and privileged to be a leader in the field of adult rehabilitation services.
