Benefits of Investing in Our Community through United Way

Greater Mankato Area United Way has been a resource for many local organizations since its founding in 1957. These organizations depend on their partnership with United Way to sustain their human service programs.

Greater Mankato Area United Way addresses root causes of problems and develops solutions that change people's lives and help them to grow. By connecting people who have resources with people who need help, community members are able to obtain self-sufficiency, receive early education and positive youth development and maintain overall health and wellness. Through these targeted areas, we fulfill our mission of sharing resources to meet human service needs in the community.

United Way takes the responsibility of investing contributions seriously. Our partner agencies are held to strict accountability standards. More than 60 local volunteers review programs on an annual basis and invest contributions in programs and initiatives that are improving lives.

Perpetuate your financial impact. A planned gift to United Way will be used to assure the continued quality programs that the community needs. It is a tangible expression of your intent to invest in our community far into the future. Your planned investment today will meet future needs we can't imagine. Knowing that you have made a provision for United Way in your will would help us in the necessary planning for tomorrow. Additionally, it would give us the opportunity to thank you in advance for remembering Greater Mankato Area United Way in such a special way. We are willing to work with you and /or your financial consultant as you arrange your planned giving.

This pie chart demonstrates how United Way contributions are invested locally.

Investing in your community IS what matters.
