

SOUTH CENTRAL COLLEGE
FOUNDATION
N O R T H M A N K A T O

Legal Name: South Central College North Mankato
Campus Foundation
Classification: Education
Tax status: 501(c)3 Organization
Federal ID#: 41-1649572

Mission Statement: To obtain, manage and allocate contributions to support the South Central College mission of providing accessible higher education to promote student growth and regional economic development.

The Organization

An interested group of community individuals started the SCC North Mankato Campus Foundation, and in 1993, the SCC Foundation took steps to become a fully operational college foundation. A 25-member Board of Directors, consisting of representatives of local businesses and alumni, governs the SCC North Mankato Campus Foundation.

Current Programs

Funds raised by the Foundation from either endowment proceeds or through the annual generosity of the community are used to support the following three initiatives:

- **Scholarships:** SCC students typically work full or part-time, and many have families to support. Scholarship support for our students ensures they can focus more of their efforts on their education and less on the financial burden of paying for their education.
- **Instructional Equipment:** Students must be trained on state-of-the art equipment - industry depends on it. To suit the needs of the students and businesses, dollars raised by the Foundation provide necessary equipment that cannot be purchased through dwindling state budgets.
- **Faculty Development Grants:** Educators must be up to date. SCC's faculty members are committed to providing relevant, current education to SCC students. Through our faculty development grant program, faculty can participate in internships and special team projects to enhance classroom activities for students.

Our Wish

The work of the SCC Foundation helps produce quality graduates who will, in turn, enhance the quality of life in the Southern Minnesota region. With an increasing number of students choosing to enroll at SCC, the need for the Foundation's work is so much greater.

It is the wish of the SCC North Mankato Campus Foundation to continue to grow an endowment fund that will live in perpetuity and provide funds that will produce quality graduates for a quality workforce.

Gifts of all sizes to the SCC Foundation change lives. Planned gifts, memorial and honor gifts, in-kind contributions of quality equipment, and cash donations are gratefully accepted on behalf of our region's pace-setting community and technical college.

A SOLID FOUNDATION
for Tomorrow's Success
